RE: COVID-19

Many of you have had questions about what we should do to ensure the health and safety of our consumers, staff and our community in response to the COVID-19 Pandemic. As of last night, we are continuing to get new directives from the Department of Developmental Services and Public Health. This correspondence is one of many that are forthcoming. This is a rapidly changing situation for us at KRC as well as our local, state, national and global communities so we expect information to be updated regularly.

The senior leadership has been sharply focused on making sure we provide you with accurate information for our region and our community of people with developmental disabilities. As of today, Kern Regional Center has no known cases of consumers testing positive for COVID-19 (03/16/2020). However, KRC has set up a series of calls to provide information, and answer as many questions as you may have based on what we know.

Please call in as follows: **Amended 3/17/2020**

Date/Time: **Tuesday March 17, 2020, 1:30 pm** (UTC-08:00) NA Pacific Time (US & Canada)
Duration: 01:00
