METRO BAKERSFIELD MOVES
Long-Range Transit Plan

Golden Empire Transit (GET) needs your input to develop a new Long-Range Transit Plan (LRTP) for the Metro Bakersfield area.

Metro Bakersfield Moves is a collaboration between GET and Kern Council of Governments. The first phase of the year-long planning effort involves analyzing existing transit service, demographics, and travel patterns.

Public participation is a vital component of the LRTP. Transit riders, community stakeholders, and regional partners will be engaged throughout the project. The completed LRTP will include detailed recommendations for transit service and capital investments over the next 20 years.

KEY ELEMENTS OF THE PLAN:

Identify local and regional transportation needs, challenges, and opportunities

Create a cohesive planning effort by listening to transit riders and community stakeholders

Prioritize short to long-term transit investments for Metropolitan Bakersfield

PROJECT TIMELINE:

WINTER 2022
Kickoff project

SPRING
Analyze existing conditions

COMMUNITY ENGAGEMENT

FALL
Develop potential scenarios

COMMUNITY ENGAGEMENT

WINTER 2023
Develop draft recommendations

COMMUNITY ENGAGEMENT

SPRING
Finalize recommendations

The Metro Bakersfield LRTP will be a component of the Kern COG Regional Transportation Plan.
